Dear Belvidere Middle School Band Parents:

There are times during the school year when we will use bus transportation. We use buses for parades, contests, and jazz band performances. It is common practice in our school district to require parental/guardian permission slips before transporting students on field trip-type activities.

To fulfill this requirement without asking before every event, would you please sign and date this letter in the space provided? I will keep this on file. You will receive notification before every event. Please understand that if we are on a trip that requires bus transportation and you decide to take your child home with you, I will need a note with your signature. I will never allow a student to travel home with a friend unless I have signed notes from **both** sets of parents in advance. This is for everyone's protection.

Thank you.

Sincerely,

Brad Hedding

I give my permission for \_\_\_\_\_ to participate in Belvidere Middle School Band activities and be transported by school bus, car or van if necessary.
